

## Stampin' Blends Alcohol Marker Labels

### Directions for use.

1. Print the document out twice if you want labels on both ends of the marker.
2. Use a paper trimmer or scissors to cut horizontally between the lines.
3. Punch the circles out with a 3/8" circle punch.
4. Attach the punched circle to the end of the caps with glue dots (use a take your pick tool for ease of use).
5. Save this document for further use.
6. Share with friends – it's free.
7. If you want to be kind you can subscribe to the [sunstampin YouTube channel](#). Thank you in advance.
